

BETTER THAN A JOB

Where to study for a great career

Whether you are looking to earn a diploma or upgrade your current skills and receive a certificate, Access Business College can provide you with career training to help you achieve your career goals.

For Mursal Mursal, a recent graduate, the benefits of enrolling with Access were twofold. Not only was Mursal able to land his dream job, but our strong sense of community made him feel right at home. “During my studies at Access Business College, I enjoyed the school’s numerous learning facilities. I really enjoyed the 10 months I was a student in this school; I felt like I was with my family,” Mursal says.

“The school’s staff, the dean of the college, the registrar and adminis-

trator of the college, and all the instructors were very helpful. They not only greeted me when you came to the school but they fulfilled my needs and gave me the right advice to reach my goal. I say to all of these great people ‘Thank you very much; you helped me when I really needed your help.’ Access Business College shaped my life and, today, I achieved my goal and I got my dream job.”

Choosing the right business college takes time. On top of researching the courses of study, the experience of faculty and the number of graduates who obtain work after graduation, students should also consider the college’s commitment to foster a mutually supportive milieu.

Access Business College takes that commitment to heart. We make it

our top priority to ensure each student receives the education required to start a career in their chosen field. When you graduate with one of our diploma programs you will have the skills to start a career. We also assist with the job placement process, in conjunction with Employment Ontario and placement agencies.

We love nothing more than to see our graduates succeed in the working world and start on a long-lasting and meaningful careers.

So the most important question shouldn’t be “Why choose Access Business College?”, but “Why settle for a job when you can have a career?” To book an information appointment with us, call our office at 416-510-2739 or visit us online at www.accessbuscollege.com. ●
